

**TRIPOD CREST LIMITED
F & T GOODWIN LIMITED
TRIPOD CREST PLANING LIMITED**

Quality, Environmental and Health & Safety Policy Statement

It is the policy of Tripod Crest Limited, F&T Goodwin Limited and Tripod Crest Planing Limited to provide competitive, professional and reliable asphalt laying, planing and supported services meeting customers' requirements.

This integrated policy has been approved by the Managing Director who is totally committed to the actions, procedures and principles embodied in this policy and following the requirements of ISO 9001 (Quality), ISO 14001 (Environmental), ISO 45001 (Health & Safety) & National Highway Sector Scheme 16.

The company's overall objective is to build successful long-term relationships and on-going commitment to achieving business excellence based on highest practicable quality products and services. Tripod Crest are committed to implementing appropriate systems and processes and will therefore:

- Understand the current and potential future requirements and expectations of our customers.
- Work closely with our customers, suppliers and partners to achieve business and our other objectives.
- Deliver products and services of the highest practicable quality, reliability and consistency that meet our customers' requirements.
- Implement quality, environmental and health and safety management in a systematic and planned way through the application of management systems that support the delivery of the business plan
- Educate and train our employees to support the delivery of high quality work
- Establish and measure performance and customer satisfaction against appropriate quality, environmental and Health & Safety objectives and/or targets
- We shall ensure that the requirements of the working time directive and Health and Safety policies and any other legislation or regulations are consistently maintained
- The performance of the SHEQ Management System and our objectives will be reviewed to ensure their effectiveness and continued suitability at our annual management review meetings. It is our policy to improve the performance of the SHEQ.
- Be committed to the prevention of all forms of waste and pollution.
- Be committed to the prevention of injury and ill health.
- Be committed to the reduction of use of all forms of natural resources wherever possible.
- Be committed to the continual reduction of emissions and all forms of pollution on the environment.

To achieve high quality product and service the company ensures that:

- All staff are actively encouraged to propose solutions to improve the service delivery within the business
- Everyone involved in the quality aspects of the business has clearly defined responsibilities and staff are adequately trained, motivated and competent for the job they are required to do
- It is recognised that quality issues do not take precedence over health, safety or environmental issues, but actively supports those management elements
- While supporting the business service, the principal quality objective is to ensure customer satisfaction and continual improvement in the level of service provision
- The selection of externally provided services will be consistent with the company's quality aspirations, thus ensuring that the company's health, safety and environmental culture is not compromised and staff, customers and third parties are not put at risk
- Compliance to all relevant quality, environmental and health and safety legislative requirements, regulations and other requirements
- Regularly monitor and measure our system through a series of internal audits which will identify business improvements

All failings to achieve the highest practicable quality will be investigated and corrected at the earliest opportunity and appropriate action taken to ensure diminished likelihood for failing in the future. These actions are to include:

- Appropriate training to be provided to all those involved in the operation
- Lessons arising are disseminated widely within the organisation at management and operational levels

As a company, we pride ourselves on delivering high quality products and services to our customers whilst preventing the amount of pollution produced. This responsibility, as that of continual improvement, is shared between the management and staff.

As the Managing Director of Tripod Crest Limited, F&T Goodwin Limited and Tripod Crest Planing Limited I take full responsibility to ensure this policy is communicated and implemented throughout our organisation.
